Practice Overview

Personal Injury (Band 1)
Simon Kilvington KC continues to develop his outstanding practice handling industrial disease and serious injury claims. He is well known for his expertise in asbestos-related cases. He is regularly instructed in cases involving complex medical and accountancy evidence.

"Simon deals with everything in such an assured way, while still being professional and demonstrating empathy needed." [Chambers & Partners, 2027]

"Simon pays absolute attention to detail and has very in-depth knowledge of complex issues. He is very thorough and detailed." [Chambers & Partners, 2027]

"Simon has an excellent bedside manner, putting claimants and litigation friends at ease, while also providing simplified language that is easy for a lay person to understand." [Chambers & Partners, 2027]

"Simon is a thorough, clear-sighted strategist and has an easy presentation style with clients of all walks of life. He is great to work with and clients have total confidence in him." [Chambers & Partners, 2027]
Industrial Disease (Band 1)
Simon Kilvington KC of Byrom Street Chambers is an experienced practitioner of personal injury law who is admired for his knowledge of industrial disease litigation. He focuses on asbestos cases. He has experience appearing before the Supreme Court and Court of Appeal.

"Simon is an exceptional courtroom advocate who is ready to fight. I've seen him turn the tide in court against heavy odds to achieve a result. He is very, very persuasive on his feet." [Chambers & Partners, 2027]

"Simon is clear thinker with plenty of pragmatism. He approaches everything with rigour and gives 100% to his clients and cases." [Chambers & Partners, 2027]

"Simon is an outstanding KC in this field." [Chambers & Partners, 2027]

Strengths:
“*An outstanding KC with a meticulous approach, he expertly navigates complex financial claims while delivering exceptional client care, making him an invaluable asset for any case.”*
“*Simon is the top silk in the country for claimant industrial disease work. A compelling advocate, he is highly regarded and enormously respected by solicitors, clients and adversaries alike.”*
“*His attention to detail is unmatched, and he is renowned for his logical approach to complex issues. He has an enviable reputation for his advocacy and negotiation skills.”*
“*Simon's ability to grasp and process detail in a claim is extremely impressive, even in a case with voluminous documentation.”*
“*Simon is an all-around excellent choice for claimants. He is knowledgeable, approachable and great to work with. He is prepared to argue the point to get the right result.”*
“*Simon builds a good rapport with clients and he is incredibly detailed. His measured approach to the evidence is valued, and he is always incredibly well prepared for any meeting or discussion.”*

“Simon is a hugely engaging leading counsel with bags of experience and a charismatic deployment of capabilities.”
“Simon is very thorough in his approach and leaves no stone unturned. He is a very safe pair of hands.”

Legal 500

Personal Injury (1)
"Simon quickly familiarised himself with the issues and demonstrated an impressive ability to absorb and analyse the material with clarity and precision. He navigated complexities of the case with ease, providing clear direction to me and experts and well-considered strategic input from the outset. His grasp of the medical evidence, both in terms of distilling the key points and understanding its impact on the wider legal issues, was invaluable in strenghtening our overall position." [Legal 500, 2027]

"Judges respect Simon and he never takes bad points. He is always taken seriously. He has a lovely manner with clients and solicitors; he explains things really concisely and clearly with sensitivity to vulnerable clients."

PRACTICE AREAS
Personal Injury
Industrial Disease
Professional Liability

ASSOCIATIONS
Personal Injury Bar Association

Personal Injury

Simon's caseload comprises complex and high value personal injury litigation including cases involving employers' liability, road traffic accidents, product liability and foreign accidents. Chambers & Partners 2012 says that he is "frequently found on high value spinal and brain injury cases... " In addition he regularly handles complicated Fatal Accident Act claims with multiple dependants and issues under sections 3 & 4 of the 1976 Act and difficult psychiatric injury cases. He has extensive experience of handling high value quantum claims and has a particular facility with complex accountancy evidence.

Concluded cases
S v B - Instructed by Claimant with significant cognitive impairment (with David Allan QC); substantial dispute as to the cause of the ongoing problems and their reversibility; approximately £1 million recovered

L v T - Instructed by Claimant in complex fatal accident and associated nervous shock claims with road traffic act insurer indemnity issues; £150,000 recovered

W v L - Brain injury to man already lacking capacity; recovered substantial lump sum payment

P v V - Significant psychiatric injuries sustained by a Claimant witnessing the death of a work colleague; substantial dispute as to the extent of the right to recover for psychiatric injury

F v C - Instructed by Defendant in public liability claim for £6.5m claim brought by film director - complex accountancy evidence - settled at joint settlement meeting for £400,000

B v M - Instructed by Claimant with catastrophic facial injuries (with David Allan QC); £1.5 million recovered

W v. A - Instructed by Claimant in fatal accident claim involving significant liability dispute and complex quantum

issues: settled at joint settlement meeting

B v W - Instructed by Claimant in claim arising out of tragic accident when Deceased run over by ex-partner: sensitive and involved issues between dependants; resolved at joint settlement meeting

Sample current cases

Instructed by self employed businessman with subtle brain injury having catastrophic effect on business - £multi-million claim with complex accountancy evidence
Instructed by spinally injured Claimant in public liability claim; elderly Claimant with substantial dispute as to accommodation and care needs and the need for periodical payments
Instructed by Claimant in high value fatal accident case with associated significant personal injury claim

Professional Liability

Simon advises in relation to the negligence of legal professionals in the conduct of personal injury and industrial disease claims. He has recently handled claims arising out of inadequate advice about provisional damages.

Industrial Disease

Simon has been in a number of leading asbestos cases in recent years including Sabin v BRB (Residuary) Ltd (with David Allan QC) examining the use of pathological evidence and Willmore / Sienkiewicz (with David Allan QC) on the extent of the Fairchild exception. In 2012, he handled what is thought to be the largest living mesothelioma claim recovering in excess of £3 million. He is regularly instructed in mesothelioma and lung cancer claims involving substantial expert evidence issues. He frequently represents Claimants on difficult show cause hearings in the RCJ and handles complex quantum disputes.

Concluded Cases
Sabin v BRB (Residuary) Ltd (2010) EWHC 267 - Comprehensive judgment addressing the use of pathological evidence in asbestosis claims

Knowsley MBC v Willmore (with Sienkiewicz) (2011) UKSC 10 - leading case on the extent of the Fairchild exception with significant obiter on the causation of lung cancer and the use of epidemiological evidence

J v R - high value living mesothelioma claim for self employed businessman - settled for £750,000 2 days before trial

P v M - mesothelioma suffered by successful entrepeneur; complex accountancy evidence and eventual settlement in excess of £3 million

W v N - fatal lung cancer claim with issues of causation and epidemiological evidence; involved consideration of Australian jurisprudence; settled day before start of 10 day trial

S v M - fatal mesothelioma claim on behalf of Maltese citizen (with David Allan QC); significant jurisdiction and choice of law issues; recovered substantial damages

B v M - bladder cancer claim with significant dispute about the consequences of the disease; settled after a joint settlement meeting

Sample current cases

Cases concerning the ability of a Claimant to pursue a claim for mesothelioma having settled a previous claim against other tortfeasors for pleural plaques on a full and final basis
Nasal cancer claim with complicated epidemiological evidence

Complex liability issues arising out of the decision of the Court of Appeal in Williams
Wood dust and asbestos related fibrosis case with epidemiological evidence
Multiple mesothelioma claims, both living and fatal

Practice Overview

Personal Injury (Band 1)
Darryl Allen KC is a highly respected silk who maintains an outstanding catastrophic injury practice. He acts for both claimants and defendants, and has been instructed in relation to a wide variety of cases including those concerning brain and spinal cord injuries.

"Darryl just gets it and gets straight to what it is we need. He is very knowledgeable." [Chambers & Partners, 2027]
"Darryl is a great all rounder who is a delight to work with. He is a safe pair of hands." [Chambers & Partners, 2027]
"Darryl is intellectually very strong. He is very warm with clients and makes them feel comfortable." [Chambers & Partners, 2027]
"Darryl is a confident and highly capable litigator with a strong strategic mindset. His attention to detail is outstanding." [Chambers & Partners, 2027]
"Darryl's ability to distil large volumes of evidence and provides succinct, pragmatic advice sets him apart." [Chambers & Partners, 2027]

Clinical Negligence (Band 1)
Darryl Allen KC is noted for his expertise in cases concerning brain and spinal injury, and is able to advise on catastrophic and fatal cases. He has extensive experience handling claims alleging delayed diagnosis, surgical negligence and other failings.

"Darryl is an excellent negotiator and advocate. He is a powerhouse in his field." [Chambers & Partners, 2027]
"Darryl is a top leader in the Northern Circuit. He is an outstanding advocate who is highly intelligent and gets to the heart of cases." [Chambers & Partners, 2027]
"An engaging and brave advocate who is agile on his feet. He is able to assimilate evidence and present it with maximum impact." [Chambers & Partners, 2027]

Strengths:
“Darryl Allen is quite simply an exceptional barrister. He has an eye for detail and has an impressive ability to recall all of the intricacies of a case.”
“He is pragmatic and tenacious in getting the best result for our clients.”
“Darryl is wonderful, and his ability to think on his feet really sets him apart from other barristers.”
“He is absolutely brilliant at bringing the best out in experts and witnesses alike, with a clear focus on the big picture and what is needed to get to the end point.”
“Darryl is intellectually powerful. He quickly grasps complex issues and finds weak points in opponents cases.”
“Darryl's drafting is second to none and his documents are always absolutely fantastic and really well pragmatic and sensible.”
“Darryl has an exceptional forensic mind and is able to process and evaluate large volumes of evidence in the most complex of TBI cases.”

“Darryl provides an outstanding service and is a silk at the top of his game. His commercial awareness is exceptional, as are his negotiating and personal skills.”
“He is approachable and refreshingly down to earth.”

Legal 500
Personal Injury (2)
“Darryl is a confident and highly capable litigator with a strong strategic mindset. He is not afraid to take a proactive approach, including issuing proceedings at an early stage where appropriate, even before full medical evidence is available. This ensures that interim payment applications can be progressed without delay, ensuring earlier access to rehabilitation facilities for clients. This can be particularly valuable in complex brain injury cases where early momentum and tactical positioning are key. His attention to detail is outstanding, and he has an ability to distil complex issues into clear, persuasive arguments. He can be trusted to provide commercially minded advice and is reliable and well-prepared. He has a natural presentation with clients in conference, putting them at ease with his clear and detailed advice, always ensuring it is tailored to their specific objectives.”
Legal 500 [2027]

He is an outstanding and determined advocate with an unparalleled court presence.

Clinical Negligence (1)
His command of the evidence combined with his engaging delivery and incisive cross-examination delivers excellent results.
Darryl is ranked as a leading Silk in all the major directories in both personal injury and clinical negligence. He regularly represents claimants and defendants.

Personal Injury

Darryl has practised in personal injury litigation since completing his pupillage at Farrar's Building, London. He advises and appears on behalf of claimants and defendants in substantial and complex claims, primarily brain, spine, amputation and high value fatal injury claims. Sitting as a Tribunal Judge on Criminal Injuries Compensation Appeals and as a Deputy High Court Judge, he has extensive experience of analysing and deciding difficult issues relating to local authority care and accommodation, large care claims and substantial

claims for loss of earnings. He is a recommended leading barrister in personal injury work (Chambers & Partners and Legal 500).

Recent cases

SWIFT v CARPENTER [2020] EWCA Civ 1295 - Represented the Personal Injuries Bar Association ["PIBA"] as intervener in the seminal case on the assessment of accommodation costs in catastrophic injury claims. PIBA's evidence and arguments as to the correct approach to the valuation of this head of loss were accepted and adopted by the Court of Appeal.

RASPIN v TAYLOR and ANOTHER [2022] EWHC 569 (QB) - Represented the defendants at trial in a claim brought by a motorcyclist who suffered spinal cord injury as a result of a road traffic accident when the defendant driver emerged from a side road, turning right onto a 30mph main road. Claim reduced by 45% for contributory fault. Permission to appeal the issue of primary liability applied for.

RC - Represented the claimant who suffered a spinal cord injury when flying as a paraglider tandem passenger due to pilot error. Settled at mediation for substantial damages.

WHYTE v FORD and ANOTHER - Represented the defendants in a claim brought by young teenage claimant who suffered spinal cord injury when the defendant driver, an older family member, lost control of the car. Settled for £7.5M against a Schedule claim of over £20M. Novel issue as to the level of contributory fault on the part of a young teenage passenger allowing herself to be carried in a vehicle driven by an intoxicated much older family member.

MOREIRA v MORAN and OTHERS [2021] EWHC 1800 (QB) - Represented claimant in claims against main contractor, employer and occupier of premises arising out of fall from height during construction works. Important decision as to the scope and nature of the duties owed by an occupier under the Occupiers' Liability Act 1957 and at common law in respect of work undertaken at its premises.

ABDULLA v NORTHUMBERLAND COUNTY COUNCIL and ORS - Represented the claimant in successful claim against the local highway authority arising out of the negligent design and construction of a shared use cycle path in the 1990s. The claimant cyclist lost control of his bicycle when navigating the threshold to the cycle path and suffered spinal cord injury as a result of collision with a lamp post. Liability compromised at JSM. Quantum ongoing.

EH - Instructed by the defendants in claim brought by high achieving and ambitious junior doctor now tetraplegic following RTA. Very substantial and complex claims for loss of earnings, accommodation, care and technology [exoskeleton]. Settled pre-issue for £14.5M against Schedule claim of £26.5M.

AYZ v LONGSTAFF and ANOTHER - Represented the defendants in high value claim brought by brain injured cyclist. The claimant was a property developer and landlord with an extensive property portfolio and other investments. Complex and controversial loss of income/loss of investment return claims. Settled at JSM and compromise approved.

LM - Represented teenage pedestrian claimant who suffered severe brain injury when attempting to run across road from behind slowing bus on residential road. Lump sum settlement (net of liability compromise) at mediation of £6.375M.

DB - Instructed by tetraplegic claimant who suffered spinal cord crushing injury when operating cherry picker in confined and complex roof space as part of demolition project. Settled for £9.425M.

EFJ - Instructed by defendants in complex claim arising out of brain injury sustained by the claimant in utero as a result of a road traffic accident. The claimant presented with autistic traits with episodes of violence and aggression directed towards family members, friends and others. Substantial claims for (i) life-long 24 hour care

and support, (ii) a large, extensive and expensive property to accommodate the claimant and her family for life, and (iii) financial and welfare deputyships. Settled after a series of settlement meetings for £3.292 lump sum + £100,000 per annum PPO [£8.5M lump sum equivalent] against a Schedule claim of £29M.

WALLETT v VICKERS [2018] EWHC 3088 (QB) - Represented successful claimant on appeal. The Claimant's husband engaged in spontaneous racing with the defendant at high speed along a dual carriageway, leading to loss of control and death of husband and serious injury to passengers. Judge at first instance dismissed the claim by purported application of *ex turpi causa* doctrine. Overturned on appeal with 40% recovery in the Claimant's favour.

Clinical Negligence

Darryl is regularly instructed to advise and represent patients and their families in clinical negligence claims. His caseload covers a wide spectrum of medical accidents, including delayed diagnosis of cancer, delayed diagnosis of infant brain tumour, surgical errors, birth trauma, hospital acquired infection, management of infant and grown up congenital heart conditions, and community management of diabetes and diabetic complications. Recommended leading barrister in clinical negligence (Chambers & Partners and legal 500).

Recent cases

AS - Represented claimant (mother) who suffered neurological injury affecting bladder, bowel and lower limbs, and developed psychiatric and chronic pain disorders as a result of negligent mismanagement of her labour and delivery. Liability disputed but compromised at liability only JSM. Ultimately settled for £13M at a second quantum JSM.

SGJJ - Represented successful claimant in high value birth injury claim. Liability settlement achieved at mediation. Financial settlement agreed at joint settlement meeting and approved. The Claimant's parents were separated and each parent required a suitable adapted property as the Claimant spent almost equal time with each parent. Successfully recovered the cost of two adapted properties with the cost of a dual-site care package.

DH - Represented claimant in wrongful birth claim. Complex accommodation claim. Settled at JSM for £9.52M.

CI - Represented claimant who suffered catastrophic brain injury in 1994 as a result of negligent mismanagement of congenital heart condition [Fallot's Tetralogy] in infancy. The claimant required open heart surgery and suffered brain injury as a complication of surgery. Liability compromised at JSM and quantum finally compromised at JSM for £2.5M lump sum + £300,000 PPO for life [net of liability compromise].

CK - Represent claimant who suffered spinal cord TB meningitis as a result of negligent failure to investigate, diagnose and treat evolving TB infection. Liability disputed but compromised at liability only JSM. Ultimately settled shortly before trial for a lump sum of £4M with stepped annual PPOs of £100,000/£240,000 for care and case management.

PRDM - Represented child claimant who suffered a trans-radial amputation as a result of negligent neonatal care. The claimant recovered damages for an extensive prosthetics package to meet her lifelong and changing needs with an allowance for future technological developments. Settled at JSM for £2.4M.

Professional Liability

Darryl's professional negligence practice relates primarily to actions against legal advisers arising out of failed or inappropriately compromised personal injury and clinical negligence claims.
